Business Storage

Allow your business to use valuable office space more efficiently and create room for personal and work materials. Northshore Pellissippi Storage can store your off-site records, excess furniture and supplies. We pride ourselves in having the ability to meet the unique needs of business customers.

- A “Secure Access” area for sensitive record storage
- On-Site Package Deliveries Accepted
- Automatic Credit Card Payment
- Discounts for Long Term Rentals
- Business Center with free Wi-Fi access
- 24 Hour Videotaped Surveillance

Secure Access

Located on the main floor, our “Secure Access” room is accessed by fingerprint identification. The “Secure Access” room is not a vault but a room separated from the general storage area. Entry into the room as well as inside the room is video recorded. The room is outfitted with individual steel storage rooms and cabinets and each room or cabinet has an individual alarm.

The “Secure Access” area is designed to store:

- Items of value or importance that require a greater degree of security over being stored at home or work.
- Items which are too big for a bank or home vault.
- Items such as jewelry or records that must be easily accessed in the evenings or on weekends when the banks are closed.
- Backup records both paper and computer data storage that must be stored outside your home or business.
- Personal documents – such as wills and inventory of assets – that need to be easily and quickly accessed in case of emergency or death.
- Records/Data storage that must be secured off premises and accessed by more than one individual.
- Your picture albums, stamp collections, coin collections, collections of all types that need to be kept in temperature and humidity controlled storage.
- Collections of guns and rifles that require ease of access but need to be securely stored outside the home.
